Briefs.

—Temple of Honor night.

—Hi Henry at the opera house.

—Crystal Temple of Honor dance, at their hall, on Friday evening.

—Janesville Lodge No. 55, P. and A. M. occupy Masonic hall this evening.

—Rock river is slowly on the rise—but will scarcely put on a booming air this season.

—Captain S. J. M. Putnam spent Sunday with his family in this city, and returned to Madison to-day.

—Mr. Will Mack, the gentlemanly press agent of the Hi Henry minstrel troupe, was a pleasant caller at the Gazette office to-day.

—Wild pigeons have made their appearance in the woods north of the city. Several large flocks were flying yesterday morning.

—While cutting wood on Saturday afternoon at Bob's brewery, Mr. William Carroll accidentally cut his left foot by a blow from the axe. The wound will lay him up for some days.

—Mr. Arthur Allen, of Oshkosh, spent Sunday at the home of his mother in this city. Mr. Allen is now the manager of the city telegraph office in Oshkosh.

—On Saturday night a cake of ice struck the chute in the upper dam, tearing out the chute boards. This caused the water above the dam to fall about a foot, and a corresponding rise below.

—There was a little fight on North First street on Saturday night, after the saloons closed. Two men were the cause of the trouble—and owing to an oversight of this article, the fight was a rather tame affair.

—Peoples' Lodge, Independent Order of Good Templars will give an entertainment and leap year supper at their hall in Court Street church block on Wednesday evening of this week, the 26th inst. Admission ten cents. The public is cordially invited.

—Bear in mind that the republican ward caucuses will be held on Wednesday evening of this week. There should be a full attendance of republicans at these primaries, that a full and fair expression of the people may be had on the important questions now being agitated in our city.

—Mr. Herman Buchholz wishes all persons interested in a light running road cart, to call at his carriage factory on Bluff street, and try one of his make. All interested in such vehicles are welcome to hitch onto it and test the many advantages claimed for it by the maker. The cart is now ready.

—"Dennison's is pleasant to say."

The author of the above sentiment was evidently of a hopeful temperament and happy disposition. It sounds better set to music, and contains more melody than every-day experience warrants. All rules have exceptions, however, and the little girl that came to gladden the home of Mr. and Mrs. Charles Carpenter, of the first ward yesterday, will be known as Miss May Carpenter. The name is cheerful, and the little life will gladden the home every month in the year.

—Mr. J. A. Dennison has an old time relic, a powder horn which was in use one hundred years ago. The horn bears the following inscription: "Benjamin Gilpin—His Horn—Jan. 3, 1765"—besides much fancy engraving, which shows that the artist was somewhat skilled in that early day with his pocket knife. Mr. Dennison cannot give any account of the horn, or of Mr. Gilpin, as he says Benjamin died some years before the horn came into his hands.

—Messrs. Gately & King announce in another column the price at which they will furnish our citizens with ice during the season of 1884. It will be seen that they have placed it within the reach of all. Mr. W. W. King is now fitting up a place in his book store, for use as an office for the ice company, where all orders for ice during the season will be attended to, and all customers served alike. Messrs. Gately & King starting this business with the intention of accommodating the public, and we have no doubt they will succeed, and at the same time the public will not grumble if they make a little something over and above expenses in this business.

—The list of officers of the Woman's Christian Temperance Union as published on Saturday was not complete. We republish the complete list as follows:

President, Mrs. J. E. Kinney; vice president, Mrs. Lizzie Welch; Mrs. A. Sellock, Mrs. Della Collins, Mrs. Sarah Ruger, Mrs. N. A. Brightman, Mrs. Jennie Glah, secretary, Miss Lizzie P. Little; treasurer, Mrs. M. G. Hodge; superintendent of juvenile work, Mrs. N. A. Brightman; superintendent of press work, Mrs. H. P. Bliss. The superintendent of juvenile work invites all who are interested in temperance work to meet at the rooms of the W. C. T. U., to-morrow afternoon at 3 o'clock, for prayer and consultation. By order society.

—Mr. James Clark, who has been so successful in the sale of cigars, has just finished some important improvements in his store just opposite the postoffice. He has furnished it with handsome walnut show cases, and has also had the room elegantly decorated with handsome paper. He has now the most attractive and convenient cigar store in the city; and not only that, but his stock of goods—including cigars, tobacco and pipes—is the largest and the choicest in the city. He is also receiving an additional stock which will cover all the popular brands which have won so much public praise. When a man is so thoroughly enterprising in his business as Mr. Clark has been, it is easy to account for his success.

—The Rev. C. B. Wilcox, pastor of Court Street church, delivered a sermon last evening before a very large audience on the question of temperance. He is a strong prohibitionist, believing that the only way to forever settle the perplexing question of temperance is to prohibit the manufacture and the sale of liquor, as slave trading, slavery, murder, stealing and other crimes are prohibited by law; but he is not one of those whose watchword is "no compromise with the liquor traffic." He wants prohibition, but if he can't get that, he will accept high license, and higher the better, that the number of saloons may be reduced and the effect as near prohibition as possible. The position Mr. Wilcox takes is one that commands itself to every cool-headed and earnest temperance worker. It is the position now occupied by the Rev. Dr. Cuyler and other eminent divines, and is the position that will bear the fruit of success for the present.

—Papers were served upon Acting Mayor S. B. Kenyon this morning in the case of Mary E. McKee against the estate of Bridget McKee, deceased, against the city, claiming \$8,000 damages, on account of injuries received by the latter from a defective sidewalk or apron in the fourth ward. The plaintiff alleges that on the evening of April 14th, 1883, the deceased was returning home about nine o'clock, and was on the corner of Rock and River streets, in the fourth ward, a broken plank over the culvert caused her to fall, sustaining injuries which is alleged caused her death on June 2d, following. The plaintiff further states that the defect was known by the street commissioner to exist six weeks prior to the time of the accident. Several small children were dependent upon the deceased for support, and the plaintiff now claims \$8,000 damages and costs of the prosecution. The case will come up at the April term of the circuit court. Messrs. Wm. Asa, Fethers & Jeffers are attorneys for the plaintiff.

—On the Saturday evening and Sunday morning trains, a large number of railroad conductors arrived in this city, for the purpose, as we understand, of organizing a lodge of the Brotherhood of railway conductors. The business of the meeting was concluded at an early hour this morning, and all returned to their respective homes. They arrived here unannounced, and but for the appearance of an extra number of railroad men around the hotels yesterday, no one would have known of their presence, so quietly was the meeting conducted. All that is known of their proceedings is that a meeting was held, and that the business for which they met was transacted. This business is said to be the organization of a lodge of the "brotherhood" with headquarters in this city. Conductors were present from a number of towns and cities in Wisconsin, Illinois and Iowa, principally those employed on the Chicago and Northwestern and the St. Paul railways.

A terrible feature of rheumatism and neuralgia is their tendency toward the heart. In this stage, patients are generally given up; but A. T. Patterson's remedy has been found to be of great service. They have assumed that dangerous form. Mr. Alexander Polcher, New Haven, Conn., after writing about his own wonderful cure by A. T. Patterson's remedy, recommended it to a man the doctors gave up to die with rheumatism of the heart, and it cured him.

A Tribute to Mr. Norton.

The State Journal of last Saturday publishes the following very complimentary notice of the golden wedding celebrated by Mr. and Mrs. O. W. Norton: "One of those rare and happy events, the celebration of a golden wedding, occurred at Janesville on Thursday evening last, the parties being Mr. and Mrs. O. W. Norton, formerly of Janesville, now of Chicago. Mr. Norton was among the earliest settlers of Rock county, residing first at Milton; and afterward removing to Janesville, where for many years he was engaged in a prosperous business. At the first session of the state legislature, which convened June 3, 1843, Mr. Norton represented Rock county in the senate, the county then constituting the fifteenth senatorial district. He held the office for three sessions, being elected by the whig party, of which he was a firm and consistent exponent, and he represented his district to the satisfaction of his entire constituency. The anniversary of our country's independence took place at the residence of Mr. E. D. Tallman, soon-in-law of Mr. and Mrs. Norton, and a large number of guests, both from home and from other parts of the state took the occasion to pay their respects and offer their congratulations to the honored couple who had lovingly journeyed together through life's checkered scenes for a full half century. The guests of many of the attendants were accompanied with valuable gifts, as testimonials of the high estimation in which the happy couple were held by their friends. The entertainment over which Mr. and Mrs. Tallman presided was eminently satisfactory, and their cordial hospitality was highly enjoyed by the hosts of guests who were in attendance."

The tobacco Association.

An adjourned meeting of the Rock County Tobacco Dealers' and Growers' association was held at the rooms of the association yesterday afternoon with a fair representation of members present.

The meeting was organized by the election of M. O. Van Gelder as president, pro tem, and F. W. Ccon, of Edgerton, secretary pro tem.

On motion an opportunity was given for those present to join the association. On motion the topic for discussion at the next meeting will be "raising tobacco plants."

Mr. D. B. Rockwood reported to the meeting what progress had been made towards getting rates of transportation of fertilizers from Chicago.

On motion Mr. Rockwood was delegated to go to Chicago to canvass the project of obtaining fertilizers from the stock yards and report at the next meeting.

On motion the meeting adjourned to Friday, March 28th, at 2 o'clock p. m.

Patillon Skin Cure, Patillon Catarrh Cure, Patillon Cough Cure, manufactured by the Patillon Manufacturing Co. of Chicago, Ill., and advertised in this paper is for sale by Palmer & Stevens and Prentice & Evenson.

The Minstrels.

The Hi Henry minstrel company have arrived and are registered at the Myers house. They will delight our people in the opera house this evening. This company have been delighting the people in different parts of the west this season. On March 18th they appeared in Waukegan, and the Central Wisconsin thus speaks of the entertainment: "The Hi Henry minstrel party appeared at the Grand opera house last evening to the largest audience that has gathered in the house since it was completed. The house was comfortably filled from gallery to footlights. The entertainment given by the company was far better than the average, and it was, by all odds, the best minstrel entertainment ever given in Waukegan. The opening overture was very good, some of the musical selections being excellent, while the songs and dances were far from being the usual splash usually dashed out upon such occasions. The musical features, dancing and character bits, were fine, and the vocal selections away above the average. Hi Henry with his cornet played merited applause. The entertainment was of the very highest order of minstrelsy, nothing coarse or vulgar, and every member of the company was generally in demand in the course of the evening. The company were particularly good in the show on the whole gave the best satisfaction, as the uproarious applause throughout the evening testified. Hi Henry's minstrel is the best that visit the country stage."

A Remedy for Lung Diseases.

Dr. Robert Newton, late president of the Electric college of the city of New York, and formerly of Cincinnati, Ohio, used Dr. Wm. Hall's Balsam very extensively in his practice, as many of his patients now living and restored to health by the use of this invaluable medicine, can amply testify. He always said that, so good a remedy ought to be prescribed freely by every physician as a sovereign remedy in all cases of lung diseases. It cures consumption, and has no equal for all pectoral complaints.

The Weather.

At seven o'clock yesterday morning the thermometer registered 37 degrees above zero. Cloudy with west wind. At one o'clock p. m. the register was 44 degrees above zero. Partly cloudy, with west wind. For the corresponding hours one year ago the register was 16 and 37 degrees above zero. At seven o'clock this morning the register was 30 degrees above zero. Cloudy with west wind. At one o'clock p. m. the register was 61 degrees above zero. Partly cloudy with south wind. For the corresponding hours one year ago the register was 20 and 44 degrees above zero.

One bottle of Ely's Cream Balm did the work. My voice is fully restored and my head feels better than for years. B. P. Loepner."

Manicure Court.

On Saturday afternoon Judge Fenton sentenced J. W. Stroud, of Edgerton, who had been convicted of selling liquor without a license, to pay a fine of forty dollars, and costs amounting to one hundred and thirteen dollars and eighty-two cents, and in default of payment, forty days in the county jail. The defendant was unable to pay the fine and costs, and was committed. Judgment was entered against his sureties, Jules Torgerson and Joseph Pollard.

Two more suits are on the docket against Stroud, of the same nature, one of which will be tried on Friday.

One tramp was sent up for five days, by the court this morning.

Chronic Constipation Cured by Brandreth's Pills.

BOLLY BROWN MILES, Arizona Terr., January 31, 1883.

For the last two years I have been greatly troubled with constipation, often ten or twelve days elapsing without any movement of my bowels. I have tried many remedies, but none with success, until I used your VEGETABLE PILLS—taking three pills and increasing one each night until I took nine, then decreasing one each night. Since then my bowels have continued regular each day, and my headache, sour stomach, and general lassitude have left me, and I feel like another man—which is entirely owing to your pills—and I would not be without them in this new country.
